Mixed Bouquets, 50c, 75c  
We also supply Funeral Flowers at Moderate Prices

Blairmore Greenhouse  
Phone 96 C. Minuzie, Prop.

## OXFORD GROUP TEAMS TO VISIT PASS

Wide interest is being created again on this side of the Atlantic by the return visit of the International Oxford Group Team. Since their visit to Canada a year ago their influence has served to bring about such changes in the lives of hundreds of people as to give great impetus to the whole movement. Teams have been formed throughout Canada, and from Calgary as centre, teams have visited many Alberta towns.

Two teams, one from Calgary, and the other from Lethbridge will visit Blairmore and Coleman some time next week. The teams will be representative of many walks of life, and will include also a number of young people. Arrangements have not yet been completed as to time and place, but further notice will appear in due time. It is likely that the meetings of the group will be held in one or more of the hotel sitting rooms at Coleman and Blairmore. Speakers will remain over Sunday to address congregations in the churches.

from the Prairie Provinces to the Pacific Coast May 15; from the Prairie Provinces to Eastern Canada and certain points in the United States, May 15; tourist and coach fares from Prairie Provinces to Canadian Atlantic ports, in connection with trans-Atlantic business, May 1, and to United States Atlantic ports, May 8; from British Columbia to destinations in Canada and certain points in the United States, May 15, and tourist and coach fares to trans-Atlantic ports, May 1.

Settlement of the \$25,000 damage actions brought against the Central Canadian Greyhound Limited by relatives of Miss Lois Wilkinson and Mrs. Bessie Larkham, of Calgary in connection with an accident north of High River in which both these ladies were killed, settlement of \$2500 in each case has been accepted, the bus people to pay all costs of the action.

MISS EVELYN OLIVIER, L.A.B.  
Who will appear in a Piano Recital at the Columbus Hall, Blairmore, Saturday Night, May 5th, under auspices of the Knights of Columbus.

Aug. 18—Coleman vs. Fernie.  
Aug. 18—Hillcrest vs. Michel.  
Aug. 18—Bellevue vs. Corbin.  
Aug. 26—Kimberley vs. Michel.

All games played on the ground of the first named club.  
No player eligible to play who is not registered on a D.F.A. form.

## THE VISIT OF DR. J. W. OGDEN

Seldom, if ever, have the people of this district been given the opportunity to hear so challenging and outstanding a preacher as Dr. J. W. Ogden, who has been conducting a special mission in the Pass towns. Night after night, stirring sermons have been preached in well filled churches. Such a powerful ministry cannot but have its results in the life of the people. The result should be increased attendance at the various churches in the Pass, a deeper regard for the deepest spiritual values of life.

It is the expectation of the religious ministers that this mission will bear fruit. It can only do so as the people respond to the challenge which has been heard. It is one thing to treat good preaching like an entertainment which provides relief from monotonous duties for an hour or so. It is another thing to so hear and heed such powerful preaching as many have listened to in the past three weeks, that life becomes changed and a fresh start is made to produce in daily contacts the fruit of spiritual living. Unless people enter upon new resolves, as the result of such a ministry of preaching, the energy expended will have been in vain. The community, the churches, and the individual men and women should be different because of the visit of Dr. Ogden.

## MOTHER OF HARLAN LANK DIES AT BASS RIVER, N.S.

There passed away at her home in Upper Bass River, on April 6th, after an illness of one month, one of the most esteemed and highly respected citizens of the community, in the person of Mrs. H. H. Lank.

Mrs. Lank, who was a daughter of the late David and Sarah (McClure) Crowe, of Portapique Mountain, had reached her 80th year.

She was a woman of quiet, retiring disposition, and by her sincere christian character, and many acts of loving kindness, had endeared herself to all; and her memory will long be cherished by those who knew her best.

The funeral was held on Saturday afternoon, April 7th, and was largely attended by sympathizing friends and neighbors. The casket was covered with many beautiful floral tributes. After a short service in the home, the remains were laid to rest in Bass River cemetery "till the day break and the shadows flee away."

After the interment, the funeral service was held in the United Church, the pastor, Rev. W. H. Rackham, officiating, assisted by Rev. Mr. Whitman, who is at present supplying Bass River Baptist church. The united choir of the two churches rendered suitable music.

Mrs. Lank is survived by her husband, one daughter, Annie, Mrs. Gordon Davison, of Portapique Mt.; and two sons, Harlan, of Cowley, Alberta, and Freeman at home; a number of grandchildren, one sister, Miss R. A. Crowe, of Bass River, and a host of friends.

The pall bearers, all relatives of the deceased, were, Percy Davison, Edson Carr, Eldon Davison and Leamann Carr.

Opening up of Alberta's Liquor Control Act is in keeping with the trend of events affecting the traffic elsewhere. There has been insistent demand for easing up on control measures here in the province. While opinion has been pretty equally divided on the question of purchasing bottled beer in hotels, for consumption off the premises, there is a considerable proportion of the public who favor the hotelmen being granted this extra revenue. The hotel business is in a very precarious condition throughout the country.—The Hanna Herald.

## MURDO MORRISON WINS OVER JESKE

In a thrilling exhibition of ten 3-minute rounds, Murdo Morrison, of Kimberley, was given the decision over Harvey Jeske, of Medicine Hat in the Crow's Nest Pass lightweight championship series Saturday evening. Referee Delisi awarded five rounds to Morrison, two to Jeske and three even. Morrison's weight 152, Jeske 151½. Jeske immediately challenged Morrison to meet in ten 3-minute rounds at Michel, B.C., on May 1. Both were given a good hand. Bill Burrows, old-time boxer of the Pass towns, was in Jeske's corner, and Red Jamieson in Morrison's.

The semi-win-up saw a spirited 7-round match between Kid Winters, of Crow's Nest, B.C., and Billy Hogan, of Shelby, Mont. Though conceding 11 pounds to Hogan, Winters won on a popular decision by Referee Delisi. In round five the bell saved Hogan, the crowd clamoring for a knockout. He recovered and came back strong in the sixth, it being even, but in the seventh it was Winters' round.

In the preliminaries, Hedley Rees, of Hillcrest, went five rounds against Ami Celli, of Coleman, both at 118 pounds. With plenty of give and take, Terry McGovern, referee, gave it as a draw. In the juvenile and midget boxing, the following were awarded draws: Dino D'Martin vs. Kid Ferrio; Roy Garrett vs. John Blish; Jackie Golding vs. Jasper Jones; Ingvar Anderson vs. Young Lloyd; and two peppy midgets, Hugh McLennan and Young Salvador.

The following challenges were given out by Promoter Barringham, Jules Verpine, of Calgary, challenged anyone 150 pounds at 175 lbs. Joe Johnnie Campbell, of Lethbridge, challenged the winner of the Winters-Hogan match; Gus Volney, of Drumheller, also challenged; Tommy McCloy, of Lethbridge, challenged the winner of the Morrison-Jeske match.

It was a good card throughout, plenty of action and the fans were well pleased with the entire programme.

Blairmore and Coleman will engage in a league football game at this local stadium on Saturday evening.

## COLE'S BELLEVUE

FRI. and SAT. April 27th - 28th

## A Record Of Service

Two or three weeks ago, he celebrated the forty-fourth anniversary of his election to parliament. If he were asked what is his fondest recollection over all those years, undoubtedly, his answer would be: it had been given him to retain the respect, the loyalty, the confidence and the affection of his own constituency of Carnarvon. That is, perhaps, the most amazing feature of his amazing record. For forty-four years he has enjoyed the unbroken loyalty of his constituents. For forty-four years he has enjoyed their confidence, their respect and their affection. Surely no man could ask more. That is the mead of his service and the gauge of his success.

**Making Further Experiments**  
M. Georges Claude's vessel, the *Tunisie*, is being equipped, and shortly will be ready for further experiments in producing cheap power from the sea. The vessel is of 10,000 tons and has a complete sea-horse plant capable of producing 2,500 horsepower. Two-thirds of this power will be used to operate an ice-making machine, for Claude expects to anchor near the shore of some tropical place and make ice for sale at a fifth the present price.

Canada's exports of agricultural products is a large factor in maintaining her position as the seventh largest contributor to world trade. In the calendar year 1932, Canada stood fifth in exports, ninth in imports, and, seventh in total trade among the nations of the world. Nearly 32 per cent. of her total foreign trade and over 46 per cent. of her export trade in 1932-33 was made up of products of farm origin.

Women who are weak and run down will find in Milburn's H. & N. Pills a remedy to strengthen the system and bring back the much desired health.

He was born near Stokes Bay on Bruce Peninsula and in his youth was a star of Stokes Bay football team. He is 49 years old now, still making his own living, handling tools with the skill of a master craftsman and making, among other things, artificial limbs for persons afflicted like himself.

These, truly, are figures for pessimists.—Ottawa Journal.

## Must Prove German Blood

Germany's nobility was called on recently to prove their German blood back to 1750, or renounce their titles.

The president of the German Nobility Association invited all members to submit a genealogical table of their families, going back to 1750. Noblemen and noblewomen who cannot establish pure German blood, according to Nazi standards, must renounce their titles.

Just why a tortoise should be depicted on a coin in these times of fast moving money, is being conjectured by those who have seen the new coins of the Fiji Islands. The piece is worth approximately 10 cents. The only explanation is that the tortoise lives in the mountain country of Fiji. The shilling, valued at about 25 cents, shows a speed-Fijian barque. The coins are part of a complete new series.

### Safety Of Mail Bags

Mrs. Teawhiffle: "Did you change the serviettes as I told you?"

New Maid: "Yes'm. I shuffled 'em and dealt 'em out so's no one get the same one he had at breakfast."

He was the man who had outshone the Aurora Borealis or the scintillating stars of a moonlight night with electrical effects of his own devising. For instance, the illuminating effects of Niagara Falls, the magnificent lighting effects of the Panama Pacific Exposition in San Francisco; those of the Exposition in Rio Janeiro, Brazil; the Washington Arms Conference; the Silver Jubilee of the City of New York; the Altar of Victory in Chicago; the Republic Eagle Sunburst, during the National Convention in Kansas City, and his most marvellous achievement of all, the lighting of the 1933 World's Fair in Chicago.

He admitted that at present he discerned no means of coping with the increased commercial rivalry of the Japanese, with their lower wage scales and production costs, which threatens to wreck the English textile trade abroad, including India.

"My British friends told me that they believe the Japanese technical efficiency is at least as vital a force in enhancing Japanese competition as lower wages and their living standard," he added.

The incubator capacity of the 178 approved hatcheries under the hatchery approval policy of the Dominion Department of Agriculture provides for 22,043,400 chicks.

## BRITAIN SHOWS CONCERN OVER JAPAN'S ACTION

London.—A breakdown in bilateral disarmament negotiations and Japan's unexpected challenge to activities of this and other powers in the far east caused concern in British official circles.

Views for Prime Minister MacDonald's government was the abrupt action of France in ending two-sided disarmament dealings, leaving the seemingly hopeless alternative of resuming the world disarmament conference in Geneva without Germany. Great Britain said in its press the role of sponsor for these two-party exchanges when her lord privy seal, Anthony Eden, toured continental capitals.

Meanwhile, the Japanese declaration that Japan alone must determine whether foreign attempts to aid China imperil peace and order in eastern Asia dealt a jolt to the British attitude that the United States can do the principal worrying over keeping peace in the Orient while Britain attempts to guide the European nations out of dangerous shoals.

The Japanese warning of Britain, the United States and other nations, threatened to cause diplomatic tension between Japan and this country for the first time since the national government was formed. Opposition leaders wasted no time in demanding, in the House of Commons, that Sir John Simon, foreign secretary, make a statement on the question.

The official declined to comment, saying that further information on the Japanese manifesto was awaited from the British embassy in Tokyo. Later the Associated Press learned that a report had been received at the foreign office from the ambassador.

Contents of the message were not disclosed, except that it confirmed the gist of press reports of the Tokyo declaration. The government was said to be disturbed over the unusual form of the pronouncement. British officials said so-called Japanese fears that the United States and other countries sought undue influence in China were unwarranted.

### Britain Is Pleased

**Favorable Reaction to Canada Budget Evidenced in Old Land**

London.—Appreciation was the keynote of British comment on the Canadian budget. Although British industry has not yet had time to thoroughly study the budget, one leader of industrial organization here summed up opinion when he told the Canadian Press, "It is not as much as British industry would want from Canada, but at any rate it is an agreeable instalment."

Reduction of the empire content needed to qualify imports of a wide range of chemicals for the British preference, from 50 to 25 per cent, was regarded here as a bill passed through by Canada that Britain is compelled to rely on outside sources for raw materials in this class.

In other quarters the budget in general was regarded as well calculated to correct the impression about which much has been heard lately, that Britain did not get a "square deal" from Canada following the economic conference.

### Regulations Extended

Ottawa.—Extension of butter and dairy grading under Dominion regulations was provided in a bill passed through the House of Commons. It placed further restrictions against butter substitutes, vested department of agriculture inspectors with power to seize dairy products not graded in conformity with the regulations and increased penalties for infractions.

### Resources Case

Ottawa.—The Dominion government and the province of Saskatchewan reached an impasse in the \$200,000 natural resources suit before the Dyarst natural commission. Adjournment was taken until May 14. The long adjournment was made to allow preparation of further evidence by federal departments.

### Cannot Take Pictures

Singapore.—Roy Tuckett, British aviator, now flying from Great Britain to Australia to photograph the air route of next October's race, was forbidden by the Netherlands government to take pictures of the Dutch East Indies and decided to return to London.

W. N. U. 2043

## Relief Problems

**Officials Of Western Provinces Hold Conference In Edmonton**

Edmonton.—Relief officials of the four Western provinces completed a conference on the common problems of relief administration and discussed the question of uniformity, especially in the matter of food allowances for the three prairie provinces.

The conference was described by Hon. J. A. Merkle, minister of railways, labor and industries in Saskatchewan, and chairman of the meeting, as the "most satisfactory for some time" in a statement issued to the Canadian Press.

He declared that the conference studied food quotas for the prairie provinces, and that British Columbia, being a little differently situated as it is more of an industrial territory, "sat in."

"We discussed," Mr. Merkle said, "the matter of the back-to-the-land movement and also the possibility of a new agreement in relief which we are expecting to secure from Ottawa. The old agreement ran out on March 31 and the provinces have been working at loose ends. However, we expect authority to carry on as in the past and expect a similar federal per centage as was in the 1933 agreement."

Officials present at the conference were L. W. Griffith, relief administrator, British Columbia; from Winnipeg, Hon. W. R. Chubb, minister of public works, and A. MacNamara, assistant deputy minister; from Saskatchewan, Hon. J. A. Merkle, and Thomas M. Molloy, deputy minister in his department; Alberta, Hon. L. McPherson, minister of public works and Walter Smitten, provincial labor commissioner.

## Sensational Charge

**Claim Trotsky Plotted Revolutionary Dictatorship In France**

Paris.—The sensational charge that Leon Trotsky plotted for a revolutionary dictatorship in France through the fatal February street riots was disclosed by authorities at the exiled Red army leader hunted vainly for another refuge.

They said a manifesto he issued after the disorders called for "an armed workers' militia," and declared that "war has just begun between them and the bourgeoisie, in the street, by force, will be decided the future."

Police pressed the bewhiskered Trotsky to move on from his villa in suburban Barbizon, where he had lived mysteriously for four months until gendarmes raided it recently.

Officials said they wanted him to leave as soon as possible, but were willing to be paid for a few more days' "view of the menace to his life." Where he can go was a matter of conjecture.

## Prohibit Smoke Screens

**National Revenue Department Futs Ban On Importation**

Ottawa.—The department of national revenue comes to the aid of the civic authority in the addition to the list of articles whose importation into Canada is prohibited of "smoke screen apparatus, for use on motor vehicles or on water-borne craft of all kinds."

It is understood that this prohibition was made at the request of the Royal Canadian Mounted Police, who, in pursuit of their anti-smuggling activities, have encountered both automobiles and gasoline launches equipped with devices for the spreading of smoke-screens. This facilitated the escape of the law-breakers.

The police figure that no citizen occupied in any peaceful pursuits requires apparatus for the making of screens.

## Battle Tuberculosis

**Quebec Province May Adopt Lines Employed By Saskatchewan**

Montreal.—Attempts to battle tuberculosis along the same lines employed by Saskatchewan will be made by Quebec it was learned here, as various anti-tuberculosis societies gathered to make preparations for the convention of the Canadian Anti-Tuberculosis Society Association here June 6, 7 and 8.

J. J. McGurran, member of the Saskatchewan commission, was asked to attend the meeting, officials said.

## United Palestine Appeal

Montreal.—To date \$44,000 from eastern Canada—Halifax to Winnipeg—has been collected in the \$200,000 United Palestine appeal. It was announced. Returns from Winnipeg to the Pacific coast have not been available.

## Reduction In Interest

**Saskatchewan Minister Of Agriculture Would Ease Burden Of Farmers**

Ottawa.—Reduction in the interest on public and private debt was urged by Hon. W. C. Buckle, Saskatchewan minister of agriculture, before the Stevens price spreads and mass buying parliamentary probe.

"A tremendous burden would be lifted from agriculture if a drastic cut in interest rates were made," the Western minister declared. "Taxes could be reduced and the beneficial effect upon both industry and agriculture would be almost immediate."

Inquiry by a Dominion commission "with adequate producer representation" into livestock marketing in all its phases was recommended by Mr. Buckle. The witness placed before the committee a resolution of the Saskatchewan legislature supporting this suggestion.

## SUGGESTS RADIO BE OPERATED BY A COMPANY

Ottawa.—The flat suggestion Major Gladstone Murray of the British Broadcasting Corporation be brought to Canada to take charge of broadcasting here was made in the House of Commons radio committee by G. A. Greer, Montreal. Major Murray last year completed a Dominion-wide survey of radio in Canada and presented a report to Premier R. B. Bennett.

"He tried," said Mr. Greer, "to put radio in Canada back on a non-political basis. He failed. With his report to the government he submitted to Premier Bennett a private report on politics in radio. I happen to know he submitted a personal report to the prime minister."

Canadian radio should be operated by a company, with a board of five directors who received no salary. "I recommend negotiations be entered into to obtain Major Murray," he said. "Do you think a salary of \$15,000 to \$20,000 would intrigue Major Murray?" asked Dr. Raymond Morand, chairman.

"I happen to know he would have replied to Canada for that figure," replied Mr. Greer.

The radio commission, he continued, with more sympathetic treatment of newspapers, would have received more sympathy from the public. The company to take over the commission's work, he explained further, would take over all stations, appointing station managers and employees.

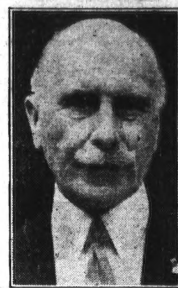

## Graceful Gesture

**Irish Harps Removed From The Realm Of Taxation**

Ottawa.—Hon. E. N. Rhodes, finance minister, having granted a great concession last year to the Scot in placing importations of bagpipes on the free list, made a graceful gesture to the Irish in similarly removing from the realm of taxation importation of harps. The minister's action a year ago provoked praise of praise from exiled Canadians who were quoted as declaring this would "encourage the study of music in Canada."

The harpists have yet to be heard from.

## CELEBRATES

The Earl of Athlone, brother of Queen Mary, and a popular member of the British Royal Family, who celebrated his 60th birthday on April 14. The Earl of Athlone is a former Governor-General of South Africa.

## Tax On Gold

**Revenue To Be Collected Depends On Price Of Precious Metal**

Ottawa.—The total revenue the government will collect from the 10 per cent tax imposed on gold in the budget presented by Hon. E. N. Rhodes, minister of finance, depends entirely on the world price of gold. The tax is payable on the metal when delivered to the mint or exported but the full 10 per cent can not be collected in whole if the result was to give the producer less than \$30 an ounce.

In other words, the effect of the limitations on the collection of the tax, to all intents and purposes, one of ensuring to the producers—so far as such assurance can be given, having regard to world price fluctuations, a minimum of \$30 an ounce.

In making his announcement the minister declared that this import would compensate for the reduction of revenue resulting from his slicing the sugar tax from two cents per pound to one cent.

Canada's gold production this year will, in all likelihood, approximate 3,000,000 ounces. Last year production was 2,947,618 ounces. What the average price throughout the year will be can not be guessed. If, however, the figure which the minister gave—one of \$35 an ounce—is maintained, then on an estimated production of 3,000,000 ounces the treasury might be enriched as much as \$10,500,000, which would more than offset the drop of \$9,000,000 in the sugar tax reduction. At least a revenue of \$7,000,000 is expected.

## Better Dairy Prices

Saskatoon.—Heartened by the firm condition of dairy prices during the winter, J. A. Caulder, Toronto, president of the Dairy Corporation of Canada, expects "good production" of dairy products this year and prices normal rather than in other branches of farming. There was decided improvement, however, in other commodity prices as well.

## Ruling On Annuities Tax

Calgary.—That only one-quarter of Dominion government annuities are subject to income tax is the effect of a ruling handed down by Mr. Justice Frankford, who allowed the appeal of Dr. J. S. McEachern against the Alberta income tax department.

## FLYING ON HIS OWN POWER

Discounting the Icarus myth, Erich Kocher, German aviator, becomes the first man in the world's history to fly through space using only his own power. His flying device has rotors instead of wings, and propulsion power is supplied by wind from the flier's lungs. He is shown in flight near Berlin. Inset, operating the "lung-power" motor.

## Attempted Train Wreck

**Obstruction Is Placed On Track Of Canadian National**

Saskatoon.—Attempts to wreck a Canadian National Railway passenger train one mile west of the Vasey water tank was disclosed here.

One new tie and pieces of steel cylinder supporting it were placed on the track by persons unknown. The engineer of No. 9 passenger train, bound for Calgary, saw the obstacles and applied the emergency brakes just in time.

No damage was done to the locomotive. As it pulled to a stop it broke the tie across the rails.

Royal Canadian Mounted Police and Canadian National Railway investigators are understood to be co-operating in an investigation.

## Salt Lake Speed Course

**Shores Of Great Salt Lake In Utah May Be Used By Sir Malcolm**

Salt Lake City.—William F. Sturm, American representative of Sir Malcolm Campbell, holder of the world's automobile speed record, announced the shore of Great Salt Lake would be used for the speed demon's new record attempt next summer.

His announcement followed a decision of the junior chamber of commerce here to attempt to raise a \$10,000 fund to guarantee expenses of the test.

## ALMOST GENERAL APPROVAL OF BUDGET SHOWN

Toronto.—First reaction to the budget of Hon. E. N. Rhodes, Dominion finance minister, came at Vancouver, where gold mining interests on the stock exchange declined sharply on news that a 10 per cent tax would be levied on the yellow metal.

Experts estimated the tax would bring the treasury more than \$10,000,000 in the next year, taking into account rapid expansion being made by large mining companies. It was not believed, however, that the tax would have an adverse effect on mining activities.

Other provisions of the budget brought forth almost general approval. Sugar wholesalers' decision to cut the tax on that commodity from two to one cent a pound would have little effect on them as the cut would be passed on to the consumers just as the original tax was last year. In some quarters it was said reduction of the tax might result in about a 10 per cent increase in sugar sales, but many firms handling sugar said they expected no heavy increase in sales anyway until the beginning of the fruit preserving season.

Bakers said the reduction in the sugar tax would have little effect on them, but expressed keen pleasure over abolition of the six per cent sales tax on cakes and pies. This measure, they expected, would result in considerably increased sales.

Winery officials expressed an increase in consumption of sparkling wines as a result of the decision to cut the tax on those beverages from 75 cents a gallon. Stewart McClelland, chairman of the liquor control board of Ontario, said it was "a move in the right direction." Brewers of the more humble fluid, beer, said the decision to merge the three-cent-per-pound duty on malt with the 12½ per cent. gallage tax would have little effect on their business and that prices would not be reduced.

Headquarters of the United Farmers of Ontario viewed with interest announcement of Mr. Rhodes that legislation would be introduced to ease the burden of farm debts. Secretary H. H. Hannam said something would have to be done to lighten the debt load unless steps were taken to raise values of farm produce. He recalled his organization had urged refinancing of farm mortgages and reduction of interest charges as a means of scaling down debt payments to something like the depressed level of farm prices.

Sir John Aird, president of the Canadian Bank of Commerce, stated a reduction in interest rates on savings accounts "might have the effect of inducing people to buy bonds."

Sir John said he had not been anticipating any reduction in interest rates. "I don't think the move was discussed with bankers, unless it was with Jackson Dodd, chairman of the Bankers' Association," Sir John stated.

## TO SUPERVISE FAIR METHODS IN MERCHANDIZING

London, Ont.—George S. Hougham of Ottawa told the Fair Trade Council of Ottawa that an audience of the Dominion government will appoint a new minister or referee to supervise a far-reaching and revolutionary "fair trade" code for Canadian merchandizing and business firms.

Mr. Hougham, speaking before the London Retail Merchants' Association, said the new referee will be empowered to suspend licenses and inflict penalties for infraction of rules that will be contained in the new code.

"The government," he declared, "has started something that even Mr. Stevens (Hon. H. H. Stevens, minister of trade and commerce) himself could not stop if he wanted to."

He said the Stevens man buying probe had offered the Canadian business an unprecedented opportunity to solve his problems on a basis that would be beneficial to producer, consumer, retailer, employee and every branch of business life.

"It is the most spectacular step ever taken by a government in this country," he declared, "and if we do not make use of the door that has been opened we should never complain again that the government has done nothing for us."

"Something is going to come of this trouble if the business people of Canada will co-operate," he continued. "A set of rules to assure fair business methods will be established, and it must be the men in the business concerned who make them."

"They can go to the government with their decisions and if these rules are believed satisfactory to the people as a whole then the necessary legislation will be passed. That is, I believe, how the government will carry out its program. It is now up to the business people to do something."

## Australia's Methods

**Postmaster-General Tells How Government Had Surplus**

Ottawa.—Three hundred members and senators greeted Hon. Archibald Parkhill, Australian postmaster-general, when he was tendered a luncheon by the House of Commons. In an outline of the financial steps taken by Australia to combat the depression was given but the Antipodean minister made no reference to inflation, one of the cardinal planks.

From a position where the Australian deficit reached \$200,000,000 in the fiscal year 1930-31, it was reversed this year to a surplus of \$22,000,000 and a taxation reduction of \$45,000,000. Under the premier's plan, interest on public debts in Australia was reduced from five and six per cent to a flat rate of four per cent, salaries of members, public servants were cut 10 to 25 per cent, and social services and general expenses cut to the bone. On the other hand, the sales tax was increased, income taxes stiffened and legislation passed for lower interest rates on private debts.

## Sees Spot On Planet

Portland, Ore.—A spot on the planet Jupiter is making a night owl of A. J. Goddard, Portland astronomer. Goddard says the spot moves across the planet in about three hours' time each night. Through his 16-inch telescope Goddard has been watching the phenomenon closely, but is unable to explain its presence.

## To Establish New Plant

Winnipeg.—Preparations were under way here for construction of a \$225,000 plant by Canadian Industries, Ltd., at East Selkirk, 20 miles north of Winnipeg. Construction of the plant would be started immediately, said Arthur B. Purvis, president and managing director of the explosive manufacturing company.

## Conscience Money

Ottawa.—One of the largest sums ever received as "conscience money" came to Hon. R. C. Matthews, minister of national revenue, in the form of a bank draft for \$5,400. The letter containing the draft was postmarked Montreal.

## Want Air Mail Resumed

Calgary.—The council of the Calgary Board of Trade has wired Prime Minister R. B. Bennett supporting the resumption of air mail contracts between the city and Canadian Airways Limited.

## UNPROFITABLE ADVERTISING

An interesting and instructive census has been taken by a United States Advertisers Association on the value or otherwise of advertising in free circulation circulars. The result showed that 132 merchants said they did not produce results; 52 said results were too costly; 43 complained of poor coverage and delivery costs; 25 said the free-circulation was good only for cheap merchandise; 24 found they did not interest readers; 19 found their own prestige was lowered by such advertising.

Rev. Arthur Barner, former Alberta minister, has received the degree of doctor of divinity from the Manitoba College. Dr. Barner is the universally esteemed superintendent of Canadian Indian missions.

A radio telephone long distance call, spanning one third the circumference of the globe, was completed recently when John Martinello, Sydney, Nova Scotia, merchant, on board the C.P.R. Empress of Britain off the coast of China, enroute to Japan, was in communication with Mrs. J. Grant in his Sydney office.

Before people could stir up courage sufficient to go and look for gold quartz, the government made the unwise move of imposing a tax on their possible discoveries. It's like counting the chickens before they are hatched. Why not tax the dust accumulating around the millions of dollars in gold that is being hoarded up by the wealthy in Canada?

Rev. J. W. Churchill, M.A., of First United church, Lethbridge, was the speaker at the anniversary services at St. Paul's United church, Coleman, on Sunday last, and was greeted by large congregations, both morning and evening. On Monday evening the annual dinner was served by the Ladies' Aid, followed by an address by Mr. Churchill on the subject "Hits and Misses."

Announcement is made from Edmonton that the reduction in price of liquor permits will become effective May 1st. On and after that date the price will be 50 cents, and those in possession of the \$2.00 document will be entitled to a rebate. On the same date, sales of bottled beer, to be taken off hotel premises, will be permitted. The vendor stores at Calgary and Edmonton will remain open until midnight.

Hal Brooks was arrested here on Wednesday of last week and taken to Calgary, to face charges of theft of jewelry, etc., from the People's Credit Jewelry Store, Calgary, between June 26 and July 22, 1933, to the value of \$644. Brooks reported to his company that the goods had been stolen from his car about July the 29th, 1933. He appeared before Magistrate Scott on Monday and was dismissed.

The Nestor of Liberal Journalism in Canada, John R. Dougall of the Montreal Witness, is recovering—at the age of 92—from a recent illness, and is anticipating his return to an active editorship that he has carried on uninterruptedly for nearly seventy years. Mr. Dougall was an active Congregationalist prior to the formation of the United Church of Canada, which he helped to achieve. The Witness (weekly) has recently devoted so much space to the Oxford Group Movement as to become almost an organ of that movement—Advance (Boston) April 12.

## Here and There

Princess Junho, sister of the Emperor of Manchukuo, with her husband T. K. Cheng, were passengers aboard the Duchess of Richmond recently. They travelled across Canada via Canadian Pacific Railway and sailed from Vancouver to the Orient on the liner Empress of Canada.

Heaviest Easter traffic in years with main line trains running in extra sections and with added coaches and motor cars on branch line trains. Canadian Pacific Railway, was reported over the recent holiday, right across the Dominion. Special low fares attracted many passengers.

In the annual statement of the C. P. R. for last year, published recently, it was brought out that as a result of decreased earnings the great majority of railway employees have taken a cut of fifteen per cent. in wages; higher officers have been reduced 20% and the company's directors have had a 25% cut in their fees, while K. W. Beatty, Chairman and President, has at his own request taken a reduction of forty per cent.

Eight days only after they had witnessed the Grand National classic at Almonte, near Liverpool, a number of Torontonians reached their homes in time for the Easter celebrations. The achievement was made possible by a fast voyage of the Duchess of Richmond under her new commander, Captain Arthur Robwell.

Announcement is made by the Canadian Pacific Railway that it will now accept shipments of freight via Almonte and its lake and rail route subject to delay at Port McNicoll, pending the first sailing. Three Canadian Pacific steamers will be in service on the Great Lakes during the coming season.

"Bride ship of the Atlantic," as she was called by reason of the large number of prospective brides she carried from Great Britain and the continent to Canada, the Metagama of the Canadian Pacific Steamships is to be sold for scrap, her owners announced recently.

Fifty years of railroad service, 25 of them with the Canadian Pacific Railway, were honored recently at the Empress Hotel by a banquet and presentation to Robert E. Larmour, retired general freight agent at Toronto. E. V. Beatty, K.C., L.L.D., chairman and president of the company; Grant Hall, vice-president; and George Stephens, traffic vice-president, were among those seated.

L. G. Provost, K.C., assistant solicitor, Canadian Pacific Railway, has been promoted to the post of solicitor of the company for the province of Quebec, succeeding the late Rodolphe Paradis, K.C., the appointment being effective as from April 1.

Captain David Fincher McQueen, commander of the Canadian Pacific liner Duchess of Almonte, will retire on May 1, after 41 years spent on sea service, most of which was in the employ of the old Allan Line and Canadian Pacific Steamships.

It was Lord Tenbyson and not Lord Dacres, who had the misfortune to marry a California millionairess recently.

Local Magistrate: "Have you ever appeared in a suit before?"

Witness: "Oh, yes, your honor—that blue serge one."

"Auntie," asked little Ruth, "why do you put powder on your face?"

"To make me pretty, dear."

Little Ruth thought for a moment.

"Auntie," she suggested, "perhaps you're not using the right powder."

## EDDIE, THE AD MAN

"OH, I HEARD A WOMAN SAY 'I AM GOING DOWN TOWN SHOPPING AS SOON AS I LOOK AT THE BILLBOARDS TO SEE WHO IS OFFERING THE BEST BARGAINS.' THEN I WOKE UP."

Nova Scotia plans on spending \$700,000 on highways this year.

Announcement is made that the U.F.A. magazine, heretofore published monthly, will after May 25th be published weekly.

The game of chess is taught in the public schools of Strobeck, Germany. Children carry their chessboards to and from school like books.

Large numbers from this district attended the opening dance at the Lake Pavilion on Saturday night, and report an enjoyable time.

What about that letter from a local man that the daily press wouldn't publish for \$10,000? Just another sign of the times!

Sure there are treasures in heaven! A man named Treasure died in Alberta last week, and there is good reason to believe he went there.

Friends of Henry (Hank) Leveseur will be glad to know that he underwent a successful operation at Rochester, Pincher Creek Echo.

Football is the most widely diffused sport in Russia. Taking Moscow as a centre, football is the greatest game of all, there being about 20 fields in this city alone, while other cities are proportionately supplied.

An Alberta town council decided to invest in a sprayer. The order sent was worded: "Please supply prayer that will suit our requirements." A reply came: "Please look up Matthew VI, or Luke XI. No charge for this advice."

Speaking at Edmonton on Monday night, G. G. McGeer, K.C., M.L.A., Vancouver, remarked: "I am going to tell Premier Bennett that there is work for 10,000 men in improving the Canadian National between Vancouver and Edmonton."

A Calgary couple decided to see the Highland gathering at Banff, their first holiday for twenty years. They walked to save travelling expenses, but when they arrived at the gathering, Sandy was too tired to lift his wife over the fence.

Twenty-five years ago, the town of Red Deer submitted estimates requiring the raising of \$14,500 for school purposes, \$2,840 of which was forthcoming from government grant and other sources. The school attendance at that time was 300.

Dan Drain, who was down at Blairmore for some time with his brother, "Bo" Drain, of the Blairmore hotel, has returned to Cranbrook and will resume his engineer run on the C.P.R.—The Cranbrook Herald thirty years ago.

A heap of ashes that had accumulated on a vacant lot in the centre of the town during the winter was spread on State Street, opposite the central school. Other folks are compelled to take such stuff to the nuisance ground.

The Blairmore school board has agreed to purchase the west ward school building from the West Canadian Collieries for a consideration of \$8,000. The building had been rented by the district for quite a number of years.

The "Red Nationale" is being practiced by old and young in Blairmore, not altogether by the foreign element of our community, but English-speaking people, who should know better, and have a little respect for the flag under which they live.

James Frewin, who for the past few months has been in charge of the Claresholm R.C.M.P. detachment, with the rank of corporal, has been promoted to the rank of sergeant, and is being transferred to Camrose. Frewin was at one time stationed in The Pass and Pincher Creek.

Il Sig. Murdo Morrison, pugilatore di Kimberley, sabato sera a vinto in boxe a Coleman ai punti su di una partita di dieci riprese, contro il Campione di Medicine Hat. Il Sig. Morrison è il genero del Sig. Antonio Salarita, proprietario del Kootenay Restaurant—Natal-Michel Observer.

## Chinese Royalty Visits Canada

Crossing Canada as their fastest way of reaching the Orient to join an Imperial relative at his court, in Halifax recently in the Canadian Pacific liner Duchess of Richmond, Princess Junho is the second sister of Emperor Kang Tai, the young man who as an infant was proclaimed Emperor of China and is now Emperor of Ta Manchu Toku, the Manchurian state created by Japan.

Little Ying Tsai, eighteen months old daughter of Princess Junho, was born in London, where her parents have lived in recent years. The princess and her husband both speak English perfectly, and are seen to be smartly attired in European clothes. Holding rosy-cheeked and pretty Ying Tsai during the voyage across the Atlantic. The party sailed from Victoria April 7 in the Empress of Canada.

The Endeavour, the yacht which will carry Britain's hopes across the seas as challenger for the America's cup, was launched successfully at Portsmouth on April 16th.

Canada has imported 45,600 barrels of wheat flour during twelve months ending February last, 23,000 coming from the United Kingdom and 17,000 from Australia.

"Do you take this woman until death do part?" asked a minister at a wedding ceremony at Coleman. "Don't I get any time off for good behavior?" asked the groom.

# Who Supports Them?

Did you ever analyze the development of any town or community? Did you ever pause and consider who were most active and energetic in the promotion of the various undertakings which may have meant so much to the community? Did you wonder, at times, why one town seemed to grow and develop while another, just advantageously situated, did not?

# This is the REASON

There are in practically every town a certain number of active and wide-awake business and professional men. They are ready and willing to devote a considerable amount of time and effort in the promotion of undertakings for the betterment of the community. If these men are supported and encouraged by the community at large—if there is that spirit of good will and co-operation which should obtain—then, and then only, will you have a prosperous and progressive community. If men in similar line of business will harmonize, and if these, then, will co-operate with all others, then nothing can hold such a town back beyond its natural limitations. In the promotion of these matters the local paper can and does take an active and prominent part; and only in the measure of business co-operation which is extended to such paper may it be a power and influence in the community.

All business men need a certain amount of printed matter. Show your loyal, home-town, co-operative spirit by having your printing done by

## TEN AUTO COMMANDMENTS

Thou shalt have one driver, and that one a good one, at the wheel.

Thou shalt not make false traffic signals, false laws, nor serve them; but shall obey all traffic signals and the law, Stop, Look and Listen.

Thou shalt not study the law in vain, for thou shalt not be held guiltless if thou art ignorant of the law.

Remember every day to drive carefully. Be courteous to all sons, daughters, servants, animals and strangers that every day they may be free from accidents.

Honor thy fellow motorist that thy days may be long upon the highway which the state give thee.

Thou shalt not injure, kill, be unjust or inconsiderate.

Thou shalt not muddle thy brain with intoxicants; sleep, carelessness or any other enemy that hinders thy alertness.

Thou shalt not steal thy fellow motorist's part of the road.

Thou shalt not bear down upon thy fellow motorist or pedestrian unawares, nor blind him with glaring lights.

Thou shalt not covet thy fellow motorist's place or anything that belongs to him. SAFETY FIRST takes no chances on sorrow. Mind your own business for conscience' sake, and, above all, BE COURTEOUS.—Mrs. Charles S. Taylor, in "The Christian Science Monitor."

Eggs are so rotten in price right now that they're not worth throwing.

THE CLOSING OF  
GOVERNMENT HOUSE

On Friday evening, by a vote of 29 to 20, the House at Edmonton passed the following resolution moved by Mr. Donald Cameron, member for Innisfail:

"Resolved, that in the opinion of this assembly, the government of Canada should as soon as possible confer with the provincial governments with a view to amending our constitutional legislation to provide for the representation of the Crown in the provinces in a simpler and less expensive way; and, be it further resolved, that this assembly hereby respectfully requests that the Dominion government, on the completion of the term of the present lieutenant-governor, make no further appointment, and be it further resolved, that the provincial government be requested to explore the advisability of using Government House and grounds, after the expiration of the present term of office, for the purpose of tubercular sanatorium for the northern part of the province."

The term of Lieutenant-Governor Walsh will expire in May, 1936, and under the terms of the resolution no action is contemplated prior to that time.

The abolition of the office of lieutenant-governor throughout Canada would be a forward step, in the Advocate's opinion. To maintain at the public expense a gentleman for the purpose of reading the Speech from the Throne and proroguing parliament, is an expensive luxury. The duties of the office are almost entirely social, and the presence of Government House at Edmonton is an incentive to the social climbers, as it tends to foster a spirit of snobishness among the people of this province which has no part in our western tradition, and which is totally out of keeping with the country in which we live.

The Advocate hopes that the conference proposed by the resolution will be held soon, and will be successful in working out some other way to provide for the representation of the Crown in the provinces.—Red Deer Advocate.

## JUST GOBBLES 'EM UP!

Winnipeg, Man., April 23.—The world's toughest turkey is strutting around a farm at Roselle, 67 miles southwest of Winnipeg.

The gobbler, according to Fred G. Louth, owner of the farm, has already killed two cats, and even went so far as to attack a young girl, as she passed through the barnyard. She smacked him over the head with a stick, however, which put Mr. Turkey in his place for a time, at least.

In killing the two cats, the turkey first knocked them unconscious with a sweep of his wing, and then, using his 20-pound weight to advantage, stood on the helpless victims until the life was crushed out of them. One of the cats, calling all its nine lives into play, put up a desperate battle, but finally lost its fight for life.

As the breeding season is over, Gorbouth, who operates the farm plans on selling Mr. Gobbler into a boiling pot, and finding out whether he's as tough as a stew as he is in the barnyard.

## RALPH CONNOR FLAYS PRISONS

Toronto, April 20.—Rev. C. W. Gordon, widely-known author under the name of Ralph Connor, in a newspaper interview here scored the penal institutions in Canada on the grounds that they were "rotten, un-Christian and unscientific." "We are legal sadists," said Dr. Gordon. "In our legal and penal systems there isn't one suggestion from one year's end to another of any attempt to reclaim the criminals to useful citizenship. That's paralysis—that's barbarism—that's the jungle. All we do is hurt them, hurt them, make them suffer because they've hurt us."

**SUBSCRIBE TODAY!**

## COWLEY HAPPENINGS

Mrs. James Smyth was stricken suddenly with a paralytic stroke on Wednesday morning. A physician was called to her bedside immediately.

Mrs. Wilfrid Fortier, who has been confined to her bed through illness, is now out of danger, and is making a steady improvement toward recovery.

Mr. and Mrs. Wm. Gilmore, after spending several months in Lethbridge, have returned to their ranch west of town.

Jack Graham, of Calgary, spent a few days in the district during the week.

The Macleod brothers, of Jennings, who have taken over the management of the old Jack Kemmis place, moved a carload of effects there the early part of the week.

A dance was held at the home of Mr. and Mrs. Landry on Friday night, for the purpose of helping raise funds for improvements to the Tenyson school.

Mr. Hagel, of Delia, who is taking over the management of the Pool elevator, has moved his wife and family into town. A. B. Black, former manager of the elevator has moved with his wife and family to Red Deer. A. E. Aredale, relieving agent, has operated the elevator for several weeks since the resignation of Mr. Black took effect.

Victoria Day will be celebrated at Cowley on May the 24th. An interesting programme of horse races, including trotting, relay, saddlehorse, democrat and Indian races, will take place. The possibility of an exhibition of prize fighting has been mentioned also. The sports will conclude with a baseball tournament, and a dance in the I.O.O.F. hall will be held in the evening. We are looking forward to this event being a gala day for Cowley, with large crowds attending both day and evening performances. Nothing will be left undone by the committee to give everybody a good time.

## HILLCREST HAPPENINGS

Mrs. J. Gorton, junior, entertained a number of friends at bridge on Wednesday evening.

Rinaldo D'Amico returned home from Vancouver on Friday night.

A hard-times dance was held in the Catholic hall on Monday night, under the auspices of the Catholic girls.

Mr. and Mrs. Fred White and family were Lethbridge visitors over the week end.

C. Hulley, of Vancouver, formerly of the Hillcrest teaching staff, is a visitor at the home of Mr. and Mrs. Joe Atkinson.

Mr. and Mrs. D. Kyle, accompanied by Mrs. A. Petrie, were visitors in Lethbridge on Saturday.

The local United church has been filled to capacity each night this week to hear Dr. J. Williams Ogden. Last night, the service was greatly augmented by the presence of the Blairmore male voice choir.

Mrs. J. Mackie is visiting in Lethbridge.

The Hillcrest high school baseball team was defeated by Bellevue 9-6.

A meeting of the Hillcrest Baseball Club was held in the community hall on Sunday evening. Officers were elected as follows, F. A. Gregory, president; P. McNeill, vice-president; A. Grant, secretary-treasurer; John Semancik, team manager; August D'Ercole, trainer; John Seaman, Tony D'Ercole and S. Taber, committee.

Mr. Stickelot has been in town for the past week.

The city of Drumheller will impose a license fee of \$16 on optometrists.

An article in a recent issue of The Worker practically brands all members of the Blairmore town council, and school board as Communists. A reproduction of a photo shows His Worship Mayor Knight, Councillor Evan Morgan and Harvey Murphy in the front row. Trustee Bannan is not in the picture.

HILLCREST COAL COMPANY  
REPORTS OPERATING LOSS

Montreal, April 24.—Hillcrest Collieries Limited report for 1933 operating loss of \$21,875, against a profit in 1932 of \$51,720.

After adding other income, the loss was \$7,615 against a total income in the previous year of \$65,000.

The statement was given at the annual meeting here. Sir Charles Gordon, president, stated company's sales had been adversely affected by curtailment of business in Western Canada.

After payment of bond interest at \$16,250, the company showed total deficit for the year of \$28,963, reducing surplus carried forward to \$237,089.

Sir Charles stated an application had been submitted to the Dominion government to bring the subvention granted to the western mines in line with benefits accorded to the maritime provinces. Should this application be favorably considered, he said, it was hoped there would be an increase in the use of western coal.

Athol Wright, chief engineer of the parks branch, department of interior, will have charge of affairs at Jasper Park, pending appointment as successor to Col. S. Maynard Rogers, who will be retired on April the 30th.

MICHEL TO RETURN  
TO MINE WORKERS' UNION

During the past three weeks several meetings have been held under the auspices of the Mine Workers' Union of Canada, and addressed by Harvey Murphy and other leaders from this district. As a result a vote was taken on Friday last, showing 99 per cent of the miners of the Michel colliery in favor of switching to the Mine Workers' Union of Canada.

The B.C. Miners' Association voted \$200 towards the big May 1st celebration, on which occasion a special train will be run from Blairmore to Natal. The celebration and demonstration will take place on grounds near the Elk river, some three miles west of Natal.

Word has been sent to W. R. Wilson, head of the Crows' Nest Pass Coal Company, who is at present on business at the coast, as to the re-affiliation, asking as to whether or not he would accept the new workers' union.

PREVENTING VOTER FROM  
BALLOTING DRAWS FINE

Rimby, Alberta, April 20.—For wilfully and illegally preventing William Phillips, farmer of Blindman, from casting his vote at the election who will be retired on April the 30th, held on February 24 in the Park

POWERFUL SKIN  
REMEDY DISCOVERED

Ories Up Eczema, Barber's Itch and All Skin Eruptions

This wonderful surgeon's prescription, now known all over the world as Moore's Emerald Oil, is so efficient in the treatment of skin diseases that the itching of eczema stops with one application.

A few applications and the most persistent case of Eczema is healed, seldom to return. Moore's Emerald Oil (full strength) is safe and pleasant to use. It is dispensed by druggists everywhere.

Springs school house, Andrew McKenzie returning officer, was today fined \$200 and costs by Magistrate Edwin Jones in court sittings here.

The prosecution was conducted by J. R. McClure, of Red Deer; L. S. Cutler, of Rimby, defended. Fourteen witnesses were called and the hearing occupied the entire afternoon.

In passing sentence, Magistrate Jones expressed the belief that the wrong had been enacted through ignorance of the law, rather than by evil intent. He complimented McKenzie on his fair and straightforward evidence, and stated that the fine, which is definitely fixed by law, was, in his opinion, excessively high.

Yes, sir, this actually happened in Nova Scotia on March 29th: A married butcher.

## ASHAMED OF HER FIGURE

### Husband Persuaded Her To Take Kruschen

By following her husband's advice, this woman made a tremendous improvement in her appearance—she actually took off 32 lbs. of her excess fat. Telling of her experience, she writes:

"A year ago I was troubled with rheumatism, nervousness and other complaints. And I got so fat that I was ashamed of my figure. I was persuaded by my husband to take Kruschen Salt. Before I began, I weighed 161 lbs. After taking Kruschen for a short time the rheumatism was less painful, my nerves got stronger, and my step lighter. Then I knew that Kruschen was doing me good, so I persevered with it and my weight went down to 129 lbs., a reduction of 32 lbs. of unwanted fat. I am not boasting when I say that I feel younger and more active, have a much better figure, and am healthier than I have been for years." (Mrs. J. S. Kruschen is a blend of six mineral salts which assist the internal organs to throw off each day's waste products that would otherwise accumulate in the form of fatty tissue.)

## OCCASIONAL WIFE

By EDNA ROBB WEBSTER

Author of "Joretta," "Lipstick Girl" Etc.

### SYNOPSIS

Camilla Hoyt and Peter Anson, young and in love, marry secretly, deciding to live their lives as they please, until Peter is able to provide for her. Peter is a young, struggling sculptor trying to win a competition for a scholarship abroad and Camilla is the adopted daughter of a wealthy family. She is not to inherit money when she comes of age and so is studying commercial art in the hope of handling an agency for Others in the story are Avis Werth, another wealthy girl who is trying to win Peter, Sylvia Todd, Peter's mother and Gus Matson, his former roommate with whom he has quarrelled. At a party at which Peter entertains Camilla's guests with impersonations. When the rest of the members of the party go to a cabaret to continue the gaiety, Peter and Camilla slip off to the beach by themselves and fall asleep on the sand. When they awake it is early morning and Avis and another girl are just leaving. Camilla makes it necessary for Camilla to announce her marriage to the party that she and Peter are married. Bowman and Weeks, an advertising agency, where Camilla has submitted some of her work, send for her and offer her a salary of \$50.00 a week to start and a prospect of having it doubled. She tells Peter of her fortune in securing employment. Mrs. Hoyt is also informed that Camilla has obtained work and invites him to leave the Hoyt household. Avis Werth rents a studio on the same floor as Peter, and invites him to have lunch there. He accepts reluctantly, but is favorably impressed with his visit. Camilla urges Peter to accept some of her earnings to help him along, but Peter refuses and they quarrel. After Camilla has gone from the studio, Avis Werth calls and persuades Peter to accept a loan of \$1,000.

(Now Go On With The Story)

### CHAPTER XL

On the second evening after their disagreement over their financial affairs, Peter went to Camilla with contrition and appeal.

But that two-day interim of silence had been a century for Camilla. She had gone over every word they had spoken, as if she were reading carbon copy of old correspondence, wondering what she might have said to hurt Peter less, or to convince him that she was right. A hundred times she decided to beg his forgiveness, but her own sense of justice withheld her. She knew that, actually, she had said nothing for which to be forgiven. Rather, it was Peter who had been in the wrong. Even if he would not let her help him, he had no reason to be so angry with her at her suggestion of it.

### Because it LASTS and LASTS and LASTS

The new instant hit... Send the FREE... 30 DAY TRIAL... 40 Cents... 10 Cents...

### YOU'LL HAVE "BETTER LUCK"

WITH... NEW! No longer a soap! Dissolves instantly...

The hours dragged like days, her work lost its fascination and she scarcely tasted food. She maintained a subterfuge of cheerfulness at the office, but Rose perceived instantly that Camilla was grieving. It was about Peter, his business. Men always were the cause of women's deepest grief, she had observed. From any other sorrow, a woman recovered and somehow managed a substitute; but for the loss of a love, which transcended everything else in life, there was no compensation.

Rose voiced something of this philosophy when, on the second evening of Camilla's estrangement from Peter, they were tidying their apartment after dinner. The windows were open to the warm autumn breeze and from all directions across the open court the strident blare of radio music drifted in. Always such a variety of stations were turned in that the effect was like the sound of the tongues of Babylon: jazz bands, crooners, symphonic orchestras, sprightly voices and deep bass, orators blaring forth, announcers cutting in, time signals.

Usually, the jazz bands and the crooners predominated. Their voices laughed and sighed and cooed, but always their subject was love. Their tragic words taunted Camilla, their triumphant phrases mocked her. Love—love—love. What that all anyone thought of and lived for? Perhaps it was. Love was the beginning and the end of all things. It was the urge which one lived and the urge which gave life reason. But the yearning voices of radio singers did not thrill her. Only Peter's voice could do that. She closed the windows with irritable hands, trying to shut out those insistent reminders of her shattered romance.

"Isn't it silly the way women get sentimental over the radio crooners who they never see, and listen for their voices like young girls waiting for their dates to telephone? Age, color and language make no difference. I'll bet all the radio tuned in to that kind of stuff have women listeners. Men listen to sports and speeches. They don't get silly over some woman's voice and make it a personal interest. Why do women?"

"Oh, I dunno," Rose observed. "It's just one of those things. Some of them get their quota of romance. Take it by and large, men are pretty rotten about love. Most of them just want it for a momentary lust, few of them care to appreciate it when they get it, and then they darn few of them ever recognize it."

"Love doesn't mean everlasting romance to a man, and that's all a woman thinks love is; until she gets a job of disillusion. Even then, it doesn't always take the first time, she gets a second chance until she gets it so hard it almost kills her. Some never recover, and go through the rest of their lives with their emotions half paralyzed because some men told them things they didn't believe themselves and forgot them the very next day. I believe, I'm never going to take any man that seriously."

"But—But, Rose, don't you believe there is love that endures and transcends everything else in life? Can't men be sincere about love?"

"I darn few of 'em can for more than a minute at a time. I've noticed that there are about four classes of men, checking 'em up on this love chat, in my experience. Not all personal, you understand, but from what I've observed, as they are and among girls like me and in neighborhoods like around home. I don't know such a lot of men from your crowd, but enough of them to believe they run about the same all the way down and up the line." She stopped to remove a dozen plums from her mouth, in the process of shortening a new slip.

Camilla was interested. "Tell me about them, Rose."

"Well, there are the men who never are sincere in their relation to women. They don't know any more about love than they do about the people who live in another world. Every woman who attracts them is a new conquest—until they get her interest or love or thumbs down. There are plenty in that class."

"Then there are men who pick out some girl because it's expected of them and settle down to the routine of marriage like all the rest of their habits. They get in a rut and stay there because they haven't originality enough to do anything else, but they don't know any more about love than the first class. The men who rate high in the real love game are divided into two groups, also. Most of them fall in love with some woman and keep her above all other women in their lives, but they're restless—easy to get out of line. They don't mean to be unfaithful but they just can't help using their own minds and being naughty once in awhile."

## FALSE TEETH

DeWenets Powder  
Sold the world over—Dr. Warren's Powder—justly called "the perfect powder"—holds false plates firm for hours longer. Leaves no sticky, uncomfortable paste—teeth fit so snugly yet comfortably they feel like natural ones. Prescribed by world's leading dentists. Just sprinkle on. Inexpensive—any drugstore.

"Then, I guess there are a few men, scarce as icicles on a radiator, who love and adore and cherish one woman all their days, and look nowhere to the right nor left of them. Pretty girls and clever women leave them cold, and the wife is a goddess on a pedestal. You can just bet there aren't many like that."

Camilla smiled. "I think your classifications apply to all kinds of people. But how do you know so much about it?"

"By keeping my eyes and ears open. I've always had to fight and work and think for myself. And you can't win out alone and hand-capped unless you know people—men and women, all kinds. Take Pa, for example. He was in the second class. A woman was a habit with him. Your old man, Alexander Hoyt is the same, though the two men are no more alike any other way than night and day."

"Young Dawson, at the office, is in class one—and how!" She made a very face and continued. "He may change later on, and be like his dad. He's in class three—sets his wife and his reputation up on a throne, but he slips down and plays around with the boys and girls when he gets a chance."

"Do you know any men in that exclusive fourth class?"

"Just—just—just in my experience. Funny, too, they are as different as Pa and Mr. Hoyt. There's Mr. O'Brien, up our street, who worships his wife, Anna, like a saint and treats her like a princess. Of course, he can't give her everything a princess has—it's the way he does what he can for her. Every night, when he comes home, he looks and acts as if he were coming to call on her for the first time, and he is always doing nice little things to make her happy. It's the same with Mr. Perdue, at the office, except he is more refined and elegant about it. Men like that are just pure gold, but I never hope to get one of them. It's about like winning a lottery where half a million tickets are sold."

"You know so much about analyzing men, Rose, in which class is 'Peter'?" She spoke his name as most in a whisper, as if with apprehension.

"Don't you know?" Rose evaded. "I hadn't thought much about it, usually, I've stopped, and sighed, 'You and Peter have quarreled, haven't you?' Rose asked gently. 'I knew it as soon as you came back here on Sunday. What's wrong?'"

(To Be Continued)

### Many Inventions Refused

British Patent Office Turns Down Many Gadgets Offers

No fewer than 20,000 of the 33,699 inventions submitted to the British Patent Office in the past year were refused on grounds of impracticability. A gadget for capturing motor-bandits was an electrically-operated harpoon that could be concealed in lamp-posts, so that when a stolen car was tearing down upon him, a policeman had only to touch a switch to send the harpoon whizzing into its tires. Another invention of a crook-catching window pane designed, upon being broken, to create an absolute vacuum which summarily and irresistibly drags the luckless cracksmen into the room and lays him prostrate on the carpet until someone opens the door.

Stirling, Scotland, wants to grow and is planning to extend its boundaries.

### Relics Of Romanoffs

Many Brought To New York By Dealer In Antiques

Many of the little intimate things belonging to the last Imperial family of Russia, Nicholas II. and his children, have been brought to New York from Leningrad by a dealer in antiques who has dealt with Russia for years.

Among the collection are the Czarevitch's cradle, skis and dolls, a little red notebook, decorated with the Russian Imperial eagle, done in red, with the little initials A. F. at the top and E. F. at the bottom. It means For Alexandra Feodorovna from Elizabeth Feodorovna. Alexandra was the Czarina and Elizabeth was her sister. Also there is the little crib of Olga, the oldest daughter.

Other souvenirs are an autograph book kept by Grafina (Countess) Vorontsova Dashkova, lady-in-waiting to the Czarina, which has in it the autographs of almost all the royalty of Europe, a new collection of Easter eggs belonging to the children of the royal family, two very fine copies in English of "Alice in Wonderland" and "Little Women", given by the Czar and Czarina to their children, and "Princess Marina and Papa", the cigarette case the Czarina gave the Czar, signed "Alice", very personal and intimate, and a lot of snapshots of the family and the work baskets of the children. These souvenirs as well as other belongings of the Czar, were all bought from Government warehouses in Leningrad and Moscow at prices set by a Soviet commission of former antique dealers.

### Butterfly Hunter Has

Wonderful Collection

In 100,000 Specimens There Are Seven Thousand Varieties

The most enthusiastic butterfly hunter who ever lived, a Swiss named Hans Fruhstorfer, made a wonderful collection of 100,000 butterflies, and this has been lent to the Natural History Museum in Paris. He began his collection in Brazil, when he was twenty-two years old. Then took his net to Java, where he spent three years; then he followed his pursuit for two years in the Malay Archipelago. He travelled through Japan, China, Japan, China and Japan, until he had placed his net over some of the rarest butterflies in the world. His 100,000 specimens have nearly 7,000 varieties.

## THE RHYMING OPTIMIST

By Aline Michalis

### LIGHT

Is any other thing on earth As beautiful as light, As banishing to gloom and mirth, As tuned to heart's delight?

"Let there be light," and at God's word A flash of glory came, While all the universe was stirred With primal dancing flames.

Is any other thing at all So beautiful as light, Before it, swiftly backward fall The legions of the night.

O, light, I lift my being's cup; Flood me too full for doubt; With love and gladness bring me up, Shine all the evil out!

### People Are Funny

Majority Neglect Things Until Necessity Forces Them Into Action

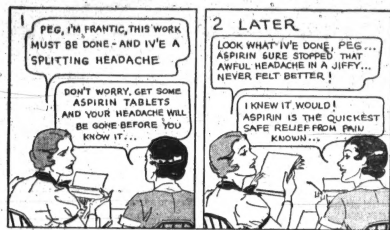

Farmers, city people, young people, old people, busy people and people who have little to do; they all huddled into the office where one secures car markers and they all wanted to get attended to at once.

We do the same thing in a number of ways. We had out when we go to light the furnace in the fall that the grates are warped and broken. We knew about it months ago, but not until there is need for fire do we attend to it. People know right now that the fly door of last year is no good, they are aware that the lawn mower would not cut better and they know the lawn hose leaks like a sieve, but will they attend to these matters? Not much. Not until stern necessity takes them by the neck and forces action, and then they will desire service quick and good. Actually we are a funny lot of people—Stratford Beacon-Herald.

### Bachelors In Italy Pay

Bachelorhood may be all right for bachelors but it doesn't suit the Italian government, and then they have doubled the income tax on bachelors, thereby forcing every unmarried man in Italy to pay 50 per cent of his income into the national treasury.

## Ease Pain, Headache in Few Minutes

For Quick Relief Say ASPIRIN—When You Buy

Now comes amazingly quick relief from headaches, rheumatism, neuritis, neuralgia... the fastest safe relief, it is said, yet discovered.

These results are due to a scientific discovery by which an Aspirin Tablet begins to dissolve, or disintegrate, in the amazing space of two seconds after touching moisture. And hence to start "taking hold" of pain a few minutes after taking the illustration of the glass, here, tells the story. An Aspirin Tablet starts to disintegrate almost instantly you swallow it. And this is ready to go to work almost instantly.

When you buy, though, be on guard against substitutes. To be sure you get ASPIRIN's quick relief, be sure the ASPIRIN's quick relief, a cross is on every tablet of Aspirin.

### Find Another "Dead Sea"

Below Hundred Foot Level Life Does Not Exist

"Another 'dead sea' has been discovered—one which, unlike that in Palestine, is not open to the sky and in whose murky and mysterious depths moves no living thing."

It is far down in the ocean between Arabia and India. To depths of from 50 to 100 feet below the surface, the water tems with marine life. Below those levels life does not exist.

The discovery is due to the research of the expedition financed by the late Sir John Murray. The commander sent a fresh report to Prof. Stanley Gardiner, expedition secretary.

Prof. Gardiner expressed the opinion that the lack of life in the depths may be laid to the petroleum which has been seeping into the ocean from the land through the ages—producing an effect similar to the familiar 'Dead Sea' by bituminous deposits.

The secretary received from the expedition samples of water and ooze from other parts of the ocean between Arabia and India in which he is confident of finding hitherto unknown forms of life. These samples were taken at varying depths of from two to five miles.

The expedition made further soundings and explorations which are held to confirm a previously reported identification of this ocean area with the vanished continent of Gondwanaland or Lemuria, the home of monstrous, scaly reptiles which vanished when the earth sank—probably owing to volcanic action—millions of years ago.

### Claims Invention Will

Reduce Railway Wrecks

Trains Are Automatically Stopped

When Jack Beames Becomes Injured, J. E. Edwards, veteran Winnipeg railroader, claims a device he has invented would in future prevent railroad accidents caused by hot journals.

Mr. Edwards' invention, he claims will detect any overheating and is so constructed that the air will be automatically released from the train to apply the air brake if the journal is hot enough to require attention.

The device, attached to a railway car with the conventional air brake system, detects overheating by means of fuse caps with lugs having a composition which will melt at a predetermined high temperature. Within the fuse plug is inserted a smaller plug which will melt and permit a slight flow of air to escape thus causing light application of the brakes.

Labor officials and railwaymen in Winnipeg think the invention is not only workable but express surprise it had not been thought of before.

"Why did you go to the bother of writing on how wonderful it was to be married?"

Novelist—"I needed the money to pay her next month's alimony."

"A crease in your trousers," says an ad, "gives you that well-dressed, successful appearance." This being known as the power of the press.

### Little Helps For This Week

"Let the peace of God rule in your hearts." Colossians 3:15.

Drop Thy still dregs of quietness. Till all our strivings cease; Take from our souls the strain and stress. And let our ordered lives confess The beauty of Thy peace.

—J. G. Whittier.

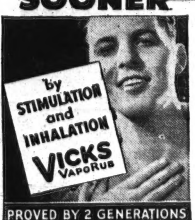

"These things write we unto you that that your joy may be full." What is fulness of joy but peace? Joy is tumultuous when it is not full, but peace is the privilege of those who are "filled with the knowledge of the glory of the Lord, as the waters cover the sea." "Thou wilt keep him in perfect peace whose mind is stayed on Thee, because he trusts in Thee." It is peace springing from truth and innocence and then overflowing in love towards all around him. He who is anxious thinks of peace as a thing of danger, speaks hurriedly and has no time for the interests of others. He who lives in peace is at leisure wherever his lot is cast.—J. H. Newman.

### In A Nutsell

To Mr. Beatty, president of the C.P.R. goes the credit for having made the best speech delivered in Ottawa on the titles question, and he did it in two sentences: "I will always be a plebian myself, but I am in favor of the titles for Canadians if they are restricted to 'those who really earn them.' He was opposed, he added, to hereditary titles in Canada. That is the plain sense of the titles question and the best summary of the views of the average Canadian citizen that has yet got into print.—Edmonton Bulletin.

The Prince of Wales has accepted the office of president of the Royal Scottish Corporation.

## Local and General Items

The Editor will be pleased to receive items for this section, regarding visitors entertained, parties leaving for holidays or short trips, bridge parties, teas, etc. Phone items to 11 or hand them in at The Enterprise office no later than Wednesday evenings.

And she took up golf!

Messrs. Frank Upton and J. Bell, of Fishburn, were visitors to Blairmore last week end.

Ben S. Buttrill and his son John are in town from Turner Valley, on a visit to James and Bennie.

Mr. A. B. D. Campbell, of the C.P.R. passenger agent's department, Calgary, was in town on Tuesday.

Miss Madeleine Chardon left this morning for Cranbrook, where she attends the East Kootenay Musical Festival.

Outside agitators are said to be at work in Michel. Among those mentioned are a few from Blairmore. —Ferne Free Press.

Mr. and Mrs. Charles McMillan, Mrs. T. Y. Love and T. M. Burnett, of Lethbridge, were motor visitors to The Pass on Wednesday.

Capt. Fitzhenry, formerly in charge of the Crows' Nest West relief camp, has been transferred with promotion to Saskatchewan, where he will be a district superintendent.

Charles Beasley, salesman for Blairmore Motors, sustained an injury to his ankle last week while in the act of changing a tire. For a few days he operated a set of crutches.

The Boy Scouts' Association of the Crows' Nest Pass, at a meeting in Hillcrest, decided to plan a campaign for the annual flag day, June 30th, to raise funds for local and provincial associations.

It really wasn't safe for women to be on the main street of Blairmore on Saturday night last. The would-be Dempsseys had little regard for them, even making use of many vulgar expressions.

The Blairmore west-end tennis courts are now open to the public. Two courts are in operation, while the third will be ready shortly. Fees this year are \$3.00 and \$2.00, which must be paid before playing.

Announcement has been made by D.-M. Ormond, registrar of vital statistics, Calgary, that Marie J. Nobel, known on the stage as Fay Baker, a fan dancer, was married to Constable J. H. Leslie, of the Regina detachment of the R.C.M.P., in Calgary on March the 31st. A Vancouver dispatch stated that Fay Baker and her manager Charles Nobel (brother) were being held by coast police, pending inquiry by immigration officers into their status in Canada.

Last fall, the Blairmore town council felt it necessary to raise extra finances through the imposition of an unfair tax on certain business concerns in the town. At their last regular meeting, however, they felt they could subscribe \$50 to a miners' picnic, or celebration, being held in Natal on May the 1st. At the same meeting, by-laws were passed for the setting of mill rates—general municipal 10 mills, school 20 mills, with a minimum tax of 50 cents per lot, plus the regular provincial supplementary revenue tax of 2 mills on land value only, with a minimum of ten cents a lot. A 20% discount is allowed on current taxes paid on or before June 2nd, 1934; 15% if paid before June 20, 10% if before July 31st, and 5% before September the 30th. A five per cent discount will be allowed on all arrears paid on or before June 30th, 1934. A five per cent penalty will be added to all taxes in arrears as at January the 1st, 1935, plus 5% for each additional six months thereafter. (The above information is published for the benefit of the ratepaying public, at no cost to the municipality).

Big minds are not hurt by little criticisms.

George Lang is down from Creston on a visit to his sister, Mrs. J. Angus McDonald.

Tax notices were received by local taxpayers during the week. The forms were not printed in Blairmore.

Emil G. Sick, formerly of Lethbridge, has been re-elected president of the Associated Brewers of Canada, Ltd.

T. Jordan, of the Calgary office of the Union Packing Company, was relieving M. H. Herman as drummer in this territory this week.

Hillcrest and Coleman football teams played to a three-three draw in the opening game of the season at Coleman on Monday night.

Some residents of the town are rather surprised to find water in their basements and cellars, after the mayor promising so faithfully to turn the water off.

A large number of music lovers and competitors from this district left yesterday and today by motor to attend the East Kootenay Musical Festival at Cranbrook.

Figure it out for yourself. The average newspaper is valued for its news service. Compare the news matter in this paper with that contained in any typewritten flysheet.

Harold Bone, working in a Red Deer drugstore, was winner of the March and April window display competitions staged for Alberta by the Nyal Products people.

Count Rinaldi is moving from his winter mansion at Frank to his Waldorf Astoria in Blairmore, located on Stuart Street, between Sixth and Seventh Avenues. Frank's loss will be our gain.

Miss Evelyn Olivier, L.A.B., of Calgary, will present a piano recital at the Columbus hall on the night of Saturday, May the 5th. Miss Olivier is the eldest daughter of Dr. and Mrs. Joseph Olivier, of Creston, B.C., and a former pupil of Miss Madeleine Chardon here.

Disgraceful scenes were enacted on several occasions in Blairmore on Saturday by one or more persons having a mania for fighting. When asked who he wanted to fight, one party replied: "Anyone—don't care a damn who!" As the climax of the melee, all are appearing in court shortly.

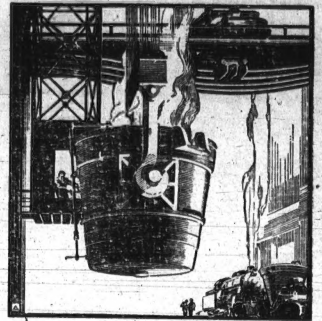

On several occasions during the week, the back water has overflowed the highway between Frank and Blairmore. The public works department has several men with a truck employed, dumping rock and gravel at threatened points. The water in the main river is considerably higher than normal for this time of the year, but it is thought that with the snow rapidly disappearing from the mountains, and considerable frost at nights, the danger of flood is at a minimum.

### CARD OF THANKS

Miss E. Kidd wishes to thank the many friends for their kind expressions of sympathy extended to her in her recent bereavement; also for the beautiful floral tributes, and to those who so kindly loaned their cars.

### CARD OF THANKS

It is with heartfelt gratitude and sincerest appreciation that Mrs. Jenkins and family, of Michel, desire to acknowledge the innumerable tokens of sympathy shown during their sad and tragic bereavement, expressed by letter, word of mouth, floral tributes, loan of cars, or in any other way.

## FOR SOUND INDUSTRY

Industry and trade are the means by which a country makes effective use of natural wealth. The Royal Bank has always been ready to encourage sound Canadian enterprise. It has maintained this attitude through many years of varying conditions.

## THE ROYAL BANK OF CANADA

BLAIRMORE BRANCH - J. B. WILSON, Manager  
BELLEVUE BRANCH - E. E. CRANSTOWN, Manager

A general change in C.P.R. train service is announced, to become effective Sunday next.

It is said that the next move in Blairmore will be to see that all members of the teaching staff join the Reds.

Arthur Grant left by Tuesday's train on a visit to his home and mother in England, and will be away for two or three months. His mother, quite aged, has been failing fast of late.

Giovedì scorso un gruppo di circa venti persone sono stati in gita a Blairmore, tra i quali Molti Connazionali, di cui furono festeggiati gli amici di Blairmore, dopo averci dato un piccolo spuntino in sua onore. Nella via del ritorno fiera un coro di veri cantanti cantando delle canzoni popolari.—Natal-Michel Gusservier.

E.S. Martin, government plumber, is in town this week to give the fixtures at the local court house a once over.

Miss Laura Freebairn, of Pincher Creek, will be one of the solo violinists playing at Massey Hall, Toronto, on May the 2nd.

Rev. Roy Taylor, of Coleman, occupied the pulpit of First United church, Lethbridge, on Sunday morning and evening last. He was accompanied by Miss Taylor, who rendered a vocal solo at the evening service.

The town council of Coleman, instead of looking for trivial troubles, are effecting much appreciated improvements to town property. There is nothing going on in Coleman that can necessitate increased taxation, and the ratepayers in general are as happy as any to be found in Canada.
